## What is I Am Me Inc?

I Am Me Inc is a 501c3 LGBTQ+ non-profit founded in 2020 in Delaware. Our mission is to uplift and unify the LGBTQ+ community as well as educate future Allies.

## Why was I Am Me Inc created?

LGBTQ+ people face continuous discrimination in their personal lives, workplace and other social settings. Some resort to reclusive lifestyles to avoid the pain and trauma; most push through the agony of social rejection while others commit suicide. LGBTQ+ are also victims of brutal hate crimes sometimes resulting in death. Experiencing constant discrimination can have detrimental effects on the psyche of a LGBTQ+ person affecting their financial, mental and physical well being. I Am Me Inc was created to combat these issues.

## Our Mission

I Am Me Inc. was formed to offer safe social spaces with programs that uplift and unify the LGBTQ+ community. To show them through action that you are not alone, You are loved by a community of LGBTQ+ and Allies. A space where you can "Be You" and build positive social connections. We also develop Allies based programs to offer them support. The Board at I Am Me Inc. believe together we can heal support and collectively eliminate discrimination one person at a time by educating them about our community.
